

# Citizen Science for Fungi: Evolution of the North American Mycoflora Project

Bill Sheehan, NAMP President, Athens GA [bill@productpolicy.org](mailto:bill@productpolicy.org)

Joanne Schwartz, NAMP Vice President, Tustin CA

**2012 - 2016**

Goal: Engage **scientists** to create a funghi for all North American macrofungi

**2017 - 2020**

Goal: Engage **citizen scientists** to document, sequence & voucher specimens and share online

**August 1, 2020**

**New name, evolved mission, broader audience**

Goals:

Engage **all levels** of citizen scientists and scientists

Focus on mapping **diversity and distribution** at scale

Greater focus on **conservation**

Make **low cost high volume sequencing** accessible to all

See [June 2020 Inoculum](#)

ACKNOWLEDGEMENT – We thank the **Mycological Society of America** and the **North American Mycological Association** for financial support.
